Joseph Krings  
Andrew Lampert  
The Manhattan Film Center

Every member of Neptune, past, present, and future

Every band who let me interview them

Every squat, house show, or club show organizer who let me follow them around

Every audience member who had to put up with me standing in front of them during shows so I could get "good" shots

All the floors we slept on in the making of this movie, and the people who fed us (we love you).

Dedicated to Kirsten A. Malone  
1974-2004
